WRCC Membership  
Mandatory to Fly**

## **From the Bird's Nest**

**\*\*\*January 21, 2007\*\*\***

**7:30 PM Western Canada Aviation Museum  
WRCC Club meeting  
by Len Cymbal, President**

There is no question 2007 will prove to be interesting for yours truly with the responsibility bestowed upon me with my new position as club President. At our November meeting Kevin Nebroski was voted in by acclamation for the position of Vice President and I was voted in by acclamation for the position of President. I look forward to the challenge that lies ahead, and with the support of our members your executive will endeavor to continue from where our outgoing executive members left off. It is our intention to work closely with our members to improve the condition of our field, and introduce club events to get more of us out as a group to fly and 'hanger talk'.

I want to thank Dick Toews and Ron Grist for their time and efforts in managing the club, meetings and events during their tenure as President and Vice President respectively, and they will continue to be valuable resources to the new members of the executive.

Belonging to the first and best RC Club in Manitoba is not only about flying, membership also brings with it a say in where our club is headed, and what will make it better for everyone. A first big step is to commit to the 1 or 2 hours to attend our meetings, to hear what is being proposed, to vote on issues surrounding club expenditures and to offer help on projects identified which will improve our field and ultimately exposure and club growth.

To get the ball rolling your executive met on January 11<sup>th</sup> for nearly 4 hours discussing many aspects of our club, what we feel our roles are and the same thing kept coming across, the club is about the members. We all appreciate the fact we have the best facilities around and a wealth of knowledge to draw upon, but we have to maintain our facilities and improve them to accommodate **all** members needs. To best serve our members we need to know what **you** want to see accomplished in 2007, and going forward and we have determined that to do this we need, as an executive, to develop a Business Plan identifying short and long term goals for the club, as agreed upon by it's members. What are these goals? That is for **you** to decide as members of WRCC. It is our intension to create and distribute a survey to all members with very general questions on what you would like to see accomplished, and what you feel is needed to make the club a better organization to belong to.

Please try to make it to our next meeting, we need your input and support to make this work, your executive is willing to do whatever we can to best serve our members, but we cannot physically do everything ourselves.

Len

## Executive

**President**
